B. PURPOSE

The Victor Valley Transit Authority (VVTA) is seeking proposals from experienced and qualified Construction Management Contractors. VVTA is seeking an experienced individual or firm to serve as the construction manager for the Design Build construction of its new Hydrogen fueling station.

The project will consist of one station located in Hesperia CA. Station will be equipped with two (2) 350 BAR (H35) dispensers and one (1) 700/350 BAR (H70/H35) dispenser for light duty and heavy-duty applications. The station will be designed with the ability to fuel 2000+ kg per day and be accessible for both public and private use. Liquid hydrogen will be delivered on an as needed basis, up to daily. Hydrogen production will not be utilized for this project. The design-build project will include the design and construction of the station and its equipment, all fencing, walls, concrete, and path of travel. It will also include a maintenance contract and liquid hydrogen deliveries.

The facility is to be constructed on the southern portion of VVTA's property located at the corners of E Avenue and Live Oak Street, just north of the VVTA Hesperia Maintenance and Operations Facility located at 17150 Smoke Tree St. Hesperia, CA 92345.

C. BACKGROUND

1. VVTA is a Joint Powers Authority (JPA) created in 1992 to provide comprehensive public transit services to six incorporated towns and several unincorporated communities (represented by the San Bernardino County Board of Supervisors) – all member jurisdictions are located in San Bernardino County, a region that covers an area of approximately 950 square miles.
2. VVTA serves the Victor Valley, a sub region of Southern California north of the Cajon Pass, east of the Los Angeles County line, incorporating much of the Northern portion of the Mojave Desert in San Bernardino County. Victor Valley is part of the Inland Empire, a sub region of the Greater Los Angeles Area.
3. In addition to fixed route, rural routes, and complementary paratransit service, VVTA operates its BV Link – which provides intercity service from Barstow to Victorville and down into the San Bernardino Valley; its NTC Commuter service which operates from Victorville and Barstow to the National Training Center at Fort Irwin; a Micro-Transit pilot program; and a turnkey vanpool operation.
4. VVTA has been designated as a Consolidated Transportation Services Agency (CTSA) for the North Desert Region of San Bernardino County - a very large geographic area including responsibility for volunteer driver transportation services in Trona and Big River.

D. PERIOD OF PERFORMANCE

VVTA intends to award a Fixed Price based contract for a period of 18 months. VVTA reserves the right to award the contract at a time other than stated in the proposed schedule.

E. EXAMINATION OF DOCUMENTS

By submitting a proposal, the Proposer represents that it has thoroughly examined and become familiar with the work required and documents included under the RFP.

F. VENDOR CONTACT

1. All correspondence, communication and/or contact with regard to any aspect of this solicitation is authorized only with the designated Contracting Officer identified in “A. Proposal Schedule” above, or their designated representative. Proposers and their representatives shall **not** make any contact with or communicate with any employees of VVTA, or its directors and consultants, other than the Contracting Officer with regard to any aspect of this solicitation or offers. Ex parte’ communications with members of VVTA’s Board of Directors or any person responsible for awarding a contract, including the Contracting Officer is prohibited under California Public Contract Code Section 20216. All communications shall be in writing and will be made public.
2. If it should appear to a prospective Proposer that the performance of the Work under the contract, or any of the matters relating thereto, is not sufficiently described or explained in the **RFP** or Contract Documents, or that any conflict or discrepancy exists between different parts thereof or with any federal, state, local or Agency law, ordinance, rule, regulation, or other standard or requirement, then the Proposer shall submit a written

request for clarification to VVTA within the time period specified above.

G. ADDENDA TO RFP

VVTA reserves the right to amend the RFP at any time. Any amendments to or interpretations of the RFP shall be described in the written addendum. VVTA shall provide copies of Addenda to all prospective Proposers officially known to have received the RFP, as well as post to the VVTA website: www.vvta.org/bids. Prospective Proposers, or their agents, shall be responsible to collect the addendum at the address provided in “Contracting Officer” (Section A. above) or receive t h e same otherwise. Notification of the addendum will also be electronically delivered to all such prospective Proposers officially known to have received the RFP and to the address provided by each prospective Proposer. Failure of any prospective Proposer to receive the notification or addendum shall not relieve the Proposer from any obligation under its proposal as submitted or under the RFP, as clarified, interpreted, or modified. All addenda issued shall become part of the RFP. Prospective Proposers shall acknowledge the receipt of each individual addendum and all prior addendum in their proposals. Failure to acknowledge in their proposals receipt of addendum may, at VVTA’s sole option, disqualify the proposal.

Any new Due Date shall be included in the addendum.

PCC Section 10169 does not authorize the withdrawal of any bid after the time fixed in the Public Notice for the opening of bids.

3. This provision for modification and withdrawal of proposals may not be used by a Proposer as a means to submit a late proposal and, as such, will not alter VVTA’s right to reject a proposal.

4. The successful proposer shall not, without the express written consent of VVTA, either:
 - a. Substitute any person, firm, or corporation as subcontractor in place of the subcontractor designated in the original Proposal; or
 - b. Permit any subcontract to be assigned or transferred; or
 - c. Allow it to be performed by anyone other than the original subcontractor listed in the Proposal.
5. Each proposer shall set forth in its proposal the name and location of the place of business (address) of each subcontractor certified as a disadvantaged business enterprise who will perform work or labor or render a commercially useful function to the prime contractor in connection with the performance of the contract.
6. Proposer shall not assign any interest it may have in any Agreement/Contract with VVTA, nor shall proposer assign any portion of the work under any such Agreement with a value

in excess of one-half of one percent of Agreement price to be sub- contracted to anyone other than these subcontractors listed in the “List of Subcontracts,” except by prior written consent of VVTA. VVTA’s consent to any assignment shall not be deemed to relieve proposer of its obligations to fully comply with its obligations under its Agreement with VVTA. Proposer with its own forces shall perform a minimum of ten percent (10%) (Calculated as a percentage of the total cost of the project) of the work under this Agreement. Proposer shall also include in its subcontract agreements the provisions of its Agreement with VVTA including the stipulation that each subcontractor shall maintain adequate insurance coverage compatible to the insurance coverage required of the proposer.

P. DISADVANTAGED BUSINESS ENTERPRISE

This project is subject to Title 49, Code of Federal Regulations (CFR), Part 26, entitled “Participation by Disadvantaged Business Enterprises (DBE) in Department of Transportation Financial Assistance Programs (“Regulations”).” The Regulations in their entirety are incorporated herein by this reference. VVTA has established a Race Neutral Federal Transportation Administrations (FTA) DBE program and as such, there is **no DBE goal** on this project. However, it is the policy of VVTA to ensure non-discrimination in the award and administration of all contracts and to create a level playing field on which DBEs can compete fairly for contracts and subcontracts. VVTA highly encourages the participation of DBE contractors and the utilization of DBE subcontractors in this project. If a DBE participates as a contractor or includes a DBE subcontract, 5 additional points will be added to the Proposer’s Evaluation Score.

Q. CONFIDENTIALITY AND PUBLIC RECORDS ACT

Access to government records is governed by the State of California Public Records Act. (Government Code Section 6250 et. seq.) Except as otherwise required by state law, VVTA will exempt from disclosure proprietary information, trade secrets and confidential commercial and financial information submitted in the proposal. Any such proprietary information, trade secrets of confidential commercial and financial information, which a Proposer believes should be exempted from disclosure, shall be specifically identified, and marked as such. Blanket-type identification by designating whole pages or sections as containing proprietary information, trade secrets or confidential commercial and financial information will not assure confidentiality. The specific proprietary information, trade secrets or confidential commercial and financial information must be clearly identified as such.

Proposer fully understands the scope of work/specifications and has carefully checked all words and figures inserted in said RFP and further understands that VVTA will no way be responsible for any errors or submissions in the preparation of this proposal.

1. Exclusive Property
 - a. Responses to this Proposal become the exclusive property of VVTA and are subject to the California Public Records Act.
 - b. Those elements of each Proposal that are *trade secrets*, as the term is defined in California Civil Code section 3426.1 (d) or otherwise exempt by law from disclosure and which are not prominently marked as TRADE SECRET, CONFIDENTIAL or

PROPRIETARY may be subject to disclosure.

2. Disclosure of Records

- a. Upon a request for records from a third party regarding this proposal VVTA will notify in writing the party involved. The party involved must respond within twenty (20) calendar days with the identification of any and all “proprietary, trade secret, or confidential commercial or financial” information and the party involved shall agree to indemnify VVTA for its defense costs, (Including reasonable attorney fees) associated with its refusal to produce such identified information; otherwise, the requested information may be released and VVTA shall not be held liable for complying with the records request.
- b. If disclosure is deemed to be required by law or by an order of the court, VVTA shall not, in any way, be liable or responsible for the disclosure of any such records including without limitation those so marked.
- c. Any documents that are not marked “TRADE SECRET” or “CONFIDENTIAL” or “PROPRIETARY,” will be made available.

3. Exemption from Disclosure May Be Deemed Unresponsive

- a. VVTA will take into consideration documents that the Proposer deems exempt from disclosure which must be marked “TRADE SECRET” or “CONFIDENTIAL” or “PROPRIETARY.”
- b. Proposers who indiscriminately identify all or most of their proposals as exempt from disclosure without justification may be deemed non-responsive.

4. Indemnification of VVTA by Proposer

- a. The Proposer agrees to indemnify, hold harmless and defend VVTA and each of its board members, officers, officials, employees and agents from any and all claims, demands and actions in law or equity (including attorney's fees and litigation expenses), arising or alleged to have arisen directly or indirectly out of a Public Records Act request for any of the contents of a Proposal labeled as protected information and identified as, among other things, “TRADE SECRET” or “CONFIDENTIAL” or “PROPRIETARY.” This obligation shall survive the RFP process, including the awarding of the Contract
- b. Proposer agrees to absorb all costs and expenses, including attorneys’ fees, in any action or liability arising under the California Public Records Act pertaining to protected information contained and labeled as such in the proposer’s proposal.

5. Public Interest

- a. The public interest exemption of the California Public Records Act provides that an agency may withhold the disclosure of a record by showing that the public interest served by not making the record public clearly outweighs the public interest served by disclosure of the record.

- b. To protect the integrity of the proposal process, in most instances, price proposals and information regarding the contents of a Proposal, will not be released or made available to other Proposers or the public until contract award is made by VVTA's Board of Directors and after the conclusion of any protest.

- c. VVTA shall employ sound business practices no less diligent than those used for VVTA's own confidential information to protect the confidence of all licensed technology, software, documentation, drawings, schematics, manuals, data and other information and material provided by Proposers and the Contractor pursuant to the Contract which contain confidential commercial or financial information, trade secrets or proprietary information as defined in or pursuant to the state law against disclosure of such information and material to third parties except as permitted by the Contract. The Contractor shall be responsible for ensuring that confidential commercial or financial information, trade secrets or proprietary information, with such determinations to be made by VVTA in its sole discretion, bears appropriate notices relating to its confidential character.

R. ACCEPTANCE / REJECTION OF PROPOSALS

1. VVTA reserves the right to reject any or all proposals for sound business reasons, to undertake contract negotiations with one or more Proposers, and to accept that proposal, which in its judgment, will be most advantageous to VVTA, price and other evaluation criteria considered. VVTA reserves the right to consider any specific proposal, which is conditional or not prepared in accordance with the instructions and requirements of this RFP to be non-responsive. VVTA reserves the right to waive any defects, or minor informalities or irregularities in any proposal which do not materially affect the proposal or prejudice other Proposers.

2. If there is any evidence indicating that two or more Proposers are in collusion to restrict competition or otherwise engaged in anti-competitive practices, the proposals of all such Proposers shall be rejected and such evidence may be a cause for disqualification of the participants in any future solicitations undertaken by VVTA.

3. VVTA reserves the right to reject a proposal that includes unacceptable conditions, exceptions, and deviations.

S. SINGLE PROPOSAL RESPONSE

If only one proposal is received in response to this RFP and it is found by VVTA to be acceptable, a detailed price/cost proposal may be requested of the single Proposer. A price or cost analysis, or both, possibly including an audit, may be performed by or for VVTA of the detailed price/cost proposal in order to determine if the price is fair and reasonable. The Proposer has agreed to such analysis by submitting a proposal in response to this RFP. A price analysis is an evaluation of a proposed price that does not involve an in-depth evaluation of all the separate cost elements and the profit factors that comprise a Proposer's price proposal. It should be recognized that a price analysis through comparison to other similar procurements must be based on an established or competitive price of the elements used in the comparison. The comparison must be made to a purchase of a similar quantity, involving similar specifications and in a similar time frame. Where a difference exists, a detailed analysis must be made of this difference and the

costs attached thereto. Where it is impossible to obtain a valid price analysis, it may be necessary to conduct a cost analysis of the proposed price. A cost analysis is a more detailed evaluation of the cost elements in the Proposer's Offer to perform. It is conducted to form an opinion as to the degree to which the proposed costs represent what the Proposer's performance should cost. A cost analysis is generally conducted to determine whether the Proposer is applying sound management in proposing the application of resources to the contracted effort and whether costs are allowable, allocable, and reasonable. Any such analyses and the results therefrom shall not obligate VVTA to accept such a single proposal; and VVTA may reject such proposal at its sole discretion.

T. CANCELLATION OF PROCUREMENT

VVTA reserves the right to cancel the procurement, for any reason, at any time before the Contract is fully executed and approved on behalf of VVTA.

U. AVAILABILITY OF FUNDS

This procurement is subject to the availability of funding. VVTA's obligation hereunder is contingent upon the availability of appropriated funds from which payment for the contract purposes can be made. No legal liability on the part of VVTA for any payment shall arise until funds are made available to the Contracting Officer for this contract and until the Contracting Officer receives notice of such availability, by issuance of a written Notice to Proceed by the Contracting Officer. Any award of Contract hereunder is conditioned upon said availability of funds for the Contract.

V. VVTA'S RIGHTS

1. Each Proposal will be received with the understanding that acceptance by VVTA of the Proposal to provide services described herein shall constitute a contract between the Proposer and VVTA which shall bind the Proposer on its part to furnish and deliver at the prices given and in accordance with conditions of said accepted Proposal and specifications.
2. VVTA reserves the right, in its sole discretion to:
 - a. Accept or reject any and all Proposals, or any item or part thereof, or to waive any informalities or irregularities in Proposals.
 - b. Withdraw or cancel this RFP at any time without prior notice. VVTA makes no representations that any contract will be awarded to any Proposer responding to this RFP.
 - c. Issue a new RFP for the project.
 - d. To postpone the Proposal opening for its own convenience.
 - e. Investigate the qualifications of any Proposer, and/or require additional evidence or qualifications to perform the work.

W. CONFLICT OF INTEREST AND CODE OF CONDUCT

1. POLICY OVERVIEW

Federal regulations require VVTA to prevent conflicts of interest in contract awards. VVTA also seeks to avoid any appearance of conflicts of interest. VVTA personnel and Contractors are expected to avoid conflicts of interest or appearances thereof and actions which could result in favoritism or appearances thereof.

2. GUIDELINES FOR CONTRACTOR RELATIONSHIPS

To avoid conflict whether real or apparent, the following shall apply to employees of any Contractor providing services to VVTA.

No Contract Management personnel or support staff shall:

- (a) Make recommendations or be involved in preparation of specifications for any contracts for which that Contract personnel may bid or propose.
- (b) Be involved in any aspect of evaluation, selection, or award of a contract for which that Contract personnel may bid.
- (c) Be involved in any aspect of contract administration of a contract or subcontract which has been awarded to Contract personnel.

X. EVALUATION, NEGOTIATION AND SELECTION

The award for this solicitation shall be to the Proposer whose evaluation score is the highest.

1. OPENING OF PROPOSALS

Proposal will be reviewed and evaluated in accordance with the criteria and procedures described in this document. Proposers determined to be within a competitive range and that have a reasonable chance of receiving a contract may be contacted to schedule a meeting with VVTA to carry out further negotiations and discussions. VVTA reserves the right to award to a proposer without further discussions, negotiations, or it may determine that no proposer meets the needs of VVTA.

2. EVALUATION TEAM

An evaluation team will be assembled by the VVTA Executive Director or designee. The team may be made up of staff of VVTA and may include representatives of other nearby government agencies affected by or have specific knowledge of this type of procurement.

3. PROPOSAL SELECTION PROCESS

include the evaluation criteria, and the points assigned to each category.

- b. Each team member will review the Proposers' submittals in conjunction with the criteria contained in Section X.5., below. All Proposals shall be evaluated and ranked for the purpose of determining the competitive range and to select a proposal determined to be the most advantageous to VVTA.
- c. Proposals that do not comply with the instructions contained in these RFP documents and do not include the required information shall be rejected as non-responsive and shall not be considered for the competitive range. VVTA reserves the right to waive technical defects, discrepancies, and minor irregularities in an RFP and/or submitted proposal(s). VVTA reserves the right to award any alternatives set forth in the solicitation documents in its sole discretion. Submitted proposals may be rejected if there is any alteration of the RFP forms, additions not called for, conditional proposals, incomplete proposals, or irregularities of any kind. VVTA reserves the right to reject any proposal not in compliance with the solicitation documents or prescribed public contracting procedures and requirements. Written notice of rejection of all submitted proposals shall be sent to all Proposers. **ALL UNSIGNED PROPOSALS SHALL BE REJECTED.**
- d. Submittal of a proposal shall mean that the Proposer has accepted the VVTA Contract Documents in their entirety without exception.

The VVTA Contracting Officer, or designee, shall serve as Facilitator of the Evaluation Committee.
- f. Proposals that have been determined not to be in the competitive range and cannot be reasonably made to be within the competitive range, will be notified in writing, that they are no longer under consideration.

The results of the evaluations and the selection of a proposal for any award will be documented in a report to the final approval authority within VVTA.

5. PROPOSAL EVALUATION CRITERIA AND SCORING

- a. Listed below is the point scale system by which proposals from responsible Proposers will be evaluated and ranked for the purpose of determining any competitive range and to make any selection of a proposal for a potential award.

<u>EVALUATION CRITERIA</u>	<u>MAXIMUM POINTS</u>

The maximum 145 base points available will be awarded to the Proposer with the highest Technical and price score, combined. Price points will be calculated by dividing the lowest price offered by the proposal price being scored and multiplying the quotient of

the calculation by (25); (Low offer divided by next highest offer) times 25 points. The Price Proposals, DBE and References will be evaluated by the RFP Facilitator.

- c. The balance of the evaluation criteria will be scored on the evaluator's assessment in the areas described in the Table above, based on the following system:

There is the possibility of an extra 20 points for those proposers whose scores are within the competitive range and are asked to present an oral presentation. Each proposer's final score will be an average score based on the scores given by the evaluation committee.

6. EVALUATION PROCEDURES

- a. All aspects of the evaluations of the proposals and any discussions and/or negotiations, including documentation, correspondence, and meetings, will be kept confidential during the evaluation and negotiation process.
- b. Proposals will be analyzed for conformance with the instructions and requirements of the RFP and Contract documents. Any proposal which fails to comply with the VVTA instructions and requirements listed in the solicitation documents shall be deemed non-responsive and their proposal shall be rejected. Proposers are advised that the detailed evaluation forms and procedures will follow the same proposal format and organization specified in Section I. Therefore, Proposer shall pay close attention to and strictly follow all instructions and requirements. Submittal of a proposal means that the Proposer has accepted all of the Contract documents, except such conditions, exceptions, reservations, or understandings explicitly, fully, and separately stated on the forms and according to the instructions of "Form for Proposal Deviation" (Attachment E). Any

such conditions, exceptions, reservations or understanding which do not result in the rejection of the proposal are subject to evaluation under the criteria of “Proposal Evaluation Criteria” (Section X.5.)

- c. Evaluations will be made in strict accordance with all of the evaluation criteria and procedures specified in “Proposal Selection Process” (Section X.3.) above. VVTA shall select for any award the highest ranked proposal from a responsible Proposer, qualified under “Qualification Requirements” (Section X.4.), which does not render this procurement financially infeasible and is judged to be most advantageous to VVTA based on consideration of the evaluation “Proposal Evaluation Criteria” (X.5.).

7. QUALIFICATION OF RESPONSIBLE PROPOSERS

Proposals will be evaluated in accordance with requirements of “Qualification Requirements” (Section X.4.) to determine the responsibility of Proposers. Any proposals from Proposers whom VVTA finds not to be responsible and finds cannot be made to be responsible may **not** be considered for the competitive range. Final determination of a Proposer’s responsibility will be made upon the basis of initial information submitted in the proposal, any information submitted upon request by VVTA, and information resulting from Agency inquiry of Proposer’s references, and its own knowledge of the Proposer.

8. DETAILED EVALUATION OF PROPOSALS AND DETERMINATION OF COMPETITIVE RANGE

- a. Each proposal will be evaluated in accordance with the requirements and criteria specified in “Proposal Selection Process” (Section X.3.)
- b. The following are the minimum requirements that must be met for a proposal to be considered responsive for inclusion in the competitive range. All of these requirements must be met; therefore, they are not listed in any particular order of importance. Any proposal that VVTA finds not to meet these requirements and that cannot be remedied as part of the negotiation process will be determined to be non-responsive and will not be included in the competitive range. The minimum requirements are as follows:
 - i. Proposer is initially evaluated as responsible in accordance with the requirements of “Qualification Requirements” (Section X.4.) Final determination of responsibility will be made through the evaluation process.
 - ii. Proposer has demonstrated its responsiveness by following the instructions of the RFP and included sufficient detail information, such that the proposal can be evaluated. Any informalities in regard shall be determined by VVTA to be either a defect and non- responsive or an informality that VVTA will waive in accordance with “Acceptance/Rejection of Proposals” (Section R)
 - iii. Proposal price would not render this procurement financially infeasible, or it is reasonable that such proposal price might be reduced to render the procurement financially feasible.
- c. VVTA will document its evaluations in accordance with the criteria and procedures of “Proposal Selection Process” (X.3.). Any proposal deficiencies which may render a proposal non-responsive and non- responsive will be documented. VVTA will make

specific notes of questions, issues, concerns, and areas requiring clarification by Proposers and to be discussed through any contact with Proposers, which VVTA finds to be within the competitive range. Rankings and spreads of the proposals against the evaluation criteria will then be made by VVTA as a means of judging the overall relative spread between proposals and of determining which proposals are within the competitive range or may be reasonably made to be within the competitive range.

9. PROPOSALS NOT WITHIN THE COMPETITIVE RANGE

Proposers of any proposals that have been determined by VVTA as not in the competitive range will be notified in writing.

10. DISCUSSIONS WITH PROPOSERS IN THE COMPETITIVE RANGE

- a. The Proposers, whose proposals are found by VVTA to be within the competitive range, will be notified and any questions and/or requests for clarifications provided to them in writing. Each such Proposer may be contacted with VVTA to discuss answers to written or oral questions, clarifications, and any facet of its proposal.
- b. In the event that a proposal, which has been included in the competitive range, contains conditions, exceptions, reservations, or understandings to any Contract requirements as provided in "Form for Proposal Deviation" (Attachment E), said conditions, exceptions, reservations, or understandings may be negotiated during contract negotiations. However, VVTA shall have the right to reject any and all such conditions and/or exceptions, which fail to comply with the VVTA instructions and requirements listed in the solicitation documents may be deemed non-responsive and their proposal to be outside the competitive range and rejected.
- c. No information, financial or otherwise, will be provided to any Proposer about any of the proposals from other Proposers. Proposers will not be given a specific price or specific financial requirements they must meet to gain further consideration, except that proposed prices may be considered to be too high with respect to the marketplace or unacceptable. Proposers will not be told of their rankings among the other Proposers.
- d. **Best Offers.** VVTA expects that all responsible and responsive Proposers shall submit their Best Offer upon initial submission in response to this solicitation.
- e. **VVTA reserves the right to make an award to a Proposer whose proposal it judges to be most advantageous to VVTA based upon the evaluation criteria, without conducting any written or oral discussions with any Proposers or solicitation of any BAFO.**

9. TERMINATION OF CONTRACT

A. TERMINATION FOR CONVENIENCE

1. The performance of Work under this Contract may be terminated for in whole, or from time to time in part, by VVTA for the convenience of VVTA whenever VVTA determines that such termination for convenience is in the best interest of VVTA and the other procuring agencies. Any such termination for convenience shall be executed by delivery to the Contractor of a written Notice of Termination specifying the extent to which performance of Work under the Contract is terminated, and the date upon which such termination becomes effective. After receipt of a Notice of Termination for Convenience, and except as otherwise directed by VVTA, the Contractor must:
 - (a) Stop the Work under the Contract on the date and to the extent specified in the Notice of Termination for Convenience.
 - (b) Place no further orders or subcontracts for materials, services, or facilities, except as may be necessary for completion of such portion of the Work under the Contract as is not terminated.
 - (c) Terminate all orders and subcontracts to the extent that they relate to the performance of Work terminated as set out in the Notice of Termination for convenience.
 - (d) Assign to VVTA in the manner, at the times, and to the extent directed by VVTA, all of the right, title, and interest of the Contractor under the orders and subcontracts so terminated, in which case VVTA shall have the right, in its discretion, to settle or pay and or all claims arising out of the termination of such orders and subcontracts.
 - (e) Settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts, with the approval or ratification of VVTA, to the extent he/she may require, which approval or ratification shall be final for all the purposes of this Section.
 - (f) Transfer title to VVTA and deliver in the manner, at the times, and to the extent, if any, directed by VVTA the fabricated or un-fabricated parts, work in process, completed work, supplies, and other material produced as part of, or acquired in connection with the performance of, the Work terminated, and the completed or partially completed plans, drawings, information, and other property which, if the Contract had been completed, would have been required to be furnished to VVTA.

- (g) Complete performance of such part of the Work as shall not have been terminated by the Notice of Termination for Convenience; and
- (h) Take such action as may be necessary, or as VVTA may direct, for the protection or preservation of the property related to this Contract which is in the possession of the Contractor and in which VVTA has or may acquire an interest.
2. After receipt of a Notice of Termination for Convenience, the Contractor shall submit to VVTA its termination claim, in the form and with certification prescribed by VVTA. Such claim shall be submitted promptly but in no event later than six months from the effective date of termination, unless one or more extensions in writing are granted by VVTA, upon request of the Contractor made in writing within such six months period or authorized extension thereof. However, if VVTA determines that the facts justify such action, it may receive and act upon any such termination claim at any time after such six months period or any extension thereof. Upon failure of the Contractor to submit its termination claim within the time allowed, VVTA may determine, on the basis of information available, the amount, if any, due the Contractor by reason of the termination and will thereupon pay the Contractor the amount so determined.
3. Subject to the provisions of subsection 2 above, the Contractor and VVTA may agree upon the whole or any part of the amount or amounts to be paid to the Contractor by reason of the total or partial termination or work pursuant to this Section, which amount or amounts may include an allowance for profit on work done; provided that such agreed amount or amounts exclusive of settlement costs, shall not exceed the total Contract Consideration as reduced by the amount of payments otherwise made and as further reduced by the Contract price of work not terminated. The Contract will be amended accordingly, and the Contractor will be paid the agreed amount.
4. In the event of failure of the Contractor and VVTA to agree, as provided in subsection 3, upon the amount to be paid the Contractor by reason of the termination of Work pursuant to this Section, VVTA will pay the Contractor the amounts determined by VVTA as follows, but without duplication of any amounts agreed in accordance with subsection:
- With respect to Contract Work performed prior to the effective date of the Notice Termination, the total (without duplication of any items) of:
- (a) The costs of such Work.
- (b) The cost of settling and paying claims arising out of the termination of Work under subcontracts or orders as provided in subsection 1(e) above, exclusive of the amounts paid or payable on account of supplies or material

delivered or services furnished by the subcontractor prior to the effective date of the Notice of Termination of Work under this Contract, which amounts shall be included in the costs on account of which payment is made under 2 above.

- (c) A sum, as profit on 4(a) above, determined by VVTA to be fair and reasonable; provided, however, that if it appears that the Contractor would have sustained a loss on the entire Contract had it been completed, no profit shall be included or allowed under this subsection 4(c) and an appropriate adjustment shall be made by reducing the amount of the settlement to reflect the indicated rate of loss; and
 - (d) The reasonable cost of preservation and protection of property incurred pursuant to subsection A (9) and any other reasonable cost incidental to termination of work under this Contract, including expense incidental to the determination of the amount due to the Contractor as the result of the termination of Work under this Contract.
5. The total sum to be paid to the Contractor under subsection 4 will not exceed the total Contract Consideration as reduced by the number of payments otherwise made and as further reduced by the Contract price of Work not terminated. Except for normal spoilage, and except to the extent that VVTA will have otherwise expressly assumed the risk of loss, there will be excluded from the amounts payable to the Contractor under subsection 4 the fair value, as determined by the VVTA, of property, which is destroyed, lost, stolen, or damaged so as to become undeliverable to VVTA, or to a purchaser pursuant to subsection 1 (g) of this Section.
6. In arriving at the amount due the Contractor under this Section, there will be deducted:
- (a) The amount of any claim which VVTA has against the Contractor in connection with the Contract; and
 - (b) The agreed price for, or the proceeds of sale of materials, supplies, or other items acquired by the Contractor or sold, pursuant to the provision of this Section, and not otherwise recovered by or credited to VVTA.
7. If the termination for convenience hereunder is partial, prior to the settlement of the terminated portion of the Contract, the Contractor may file with VVTA a written request for an adjustment of the price or prices specified in the Contract relating to the continued portion of the Contract (the portion not terminated by the Notice of Termination), and such adjustment as may be agreed will be made in the price or prices.

VVTA RFP 2023-04 CONSTRUCTION MANAGER –

ATTACHMENT C – SAMPLE CONTRACT

8. VVTA may from time to time, at its sole discretion and under terms and conditions it may prescribe, make partial payments and payments on account against cost incurred by the Contractor in connection with the terminated portion of the Contract whenever, in the opinion of VVTA, the aggregate of payments does not exceed the amount to which the Contractor will be entitled hereunder. If the total of the payments is in excess of the amount finally agreed or determined to be due under this Section, the excess shall be paid by the Contractor to VVTA upon demand, together with interest at the rate of 10 percent per annum or the maximum rate permitted by applicable law, whichever is less, for the period from the date the excess payment is received by the Contractor to the date on which the excess payment is repaid to VVTA.
9. Unless otherwise provided for in this Contract, or by applicable statute, the Contractor, from the effective date of termination and for a period of three years after final settlement under this Contract, shall preserve and make available to VVTA at all reasonable times at the office of the Contractor but without direct charge to VVTA, all its books, records, documents, and other evidence bearing on the costs and expenses of the Contractor under this Contract and relating to the Work terminated hereunder, or to the extent approved by VVTA, photographs, microphotographs, or other authentic reproductions thereof.
10. The Contractor shall insert in all subcontracts that the Subcontractor or Supplier shall stop work on the date of and to the extent specified in a Notice of Termination from VVTA and shall require that any tier subcontractor to insert the same provision in any tier subcontract.
11. The Contractor shall communicate immediately upon receipt thereof, any Notice of Termination issued by VVTA to the affected Subcontractors and Suppliers of any tier.
12. Under no circumstances is the Contractor entitled to anticipatory, unearned profits or consequential damages as a result of a termination or partial termination under this Section. The payment to the Contractor determined in accordance with this Section constitutes exclusive remedy for a termination hereunder.
13. Anything contained in the Contract to the contrary notwithstanding, a termination under this Section shall not waive any right or claim to damages which VVTA may have and VVTA may pursue any course of action it may have under the Contract.

B. TERMINATION FOR CAUSE

- (1) By written Notice of Termination for Cause to the Contractor, VVTA and the other procuring agencies may cancel the whole or any part of the Contract in any one of the following circumstances:

VVTA RFP 2023-04 CONSTRUCTION MANAGER –
HYDROGEN FUELING STATION
ATTACHMENT C – SAMPLE CONTRACT

- (a) If the Contractor fails to perform the Work within the time specified or any extension thereof.
 - (b) If the Contractor fails to perform any of the provisions of the Contract, or so fails to make progress so as to endanger performance of the Contract in accordance with its terms, and in either of these two later circumstances, does not cure such failure within a period of the 10) calendar days (or such additional time as may be specified in the notice) after VVTA gives notice to Contractor of the failure.
 - (c) The Contractor or Subcontractor or Supplier has violated an authorized order or requirement of VVTA;
 - (d) Abandonment of the Contract;
 - (e) Assignment of subcontracting of the Contract or any Work under the Contract without approval by VVTA;
 - (f) Bankruptcy or appointment of a receiver for the Contractor's property;
 - (g) Performance by the Contractor in bad faith;
 - (h) Contractor allowing any final judgment to stand (unsatisfied) for a period of 48 hours (excluding weekends and legal holiday(s));

 - (j) Failure to indemnify any party which the Contractor is obligated to indemnify under the Section 2.7.5, Indemnification, or elsewhere under the Contract.
- (2) The Contractor shall be provided a period of ten (10) days to cure such failure (or such longer period as VVTA may authorize in writing) after receipt of notice from VVTA specifying such failure.
- (3) In the event the Contractor does not cure the breach to the satisfaction of VVTA within the time period specified by VVTA, VVTA will send the Contractor a written notice of failure to cure the breach. Upon receipt of such written notice from VVTA, Contractor shall:
- (a) Stop Work on the date of, and to the extent specified in, the Notice of Termination for Cause;
 - (b) Place no further orders or subcontracts for materials, equipment, services, or

facilities, except that which is necessary to complete the portion of the Work which is expressly not cancelled under the Notice of Termination for Cause;

- (c) Cancel all orders or subcontracts to the extent that they relate to the performance of Work cancelled under the Notice of Termination; and
 - (d) Comply with all other requirements of VVTA specified in the Notice of Termination for Cause.
- (4) If the Contract is cancelled as provided in this Section, VVTA may require Contractor to transfer title and deliver to VVTA, as directed by VVTA, the following:

 - (b) Such partially completed supplies and materials, installations, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (hereinafter called “manufacturing materials”) that the Contractor has specifically produced or acquired for the cancelled portion of this Contract. The Contractor shall also protect and preserve property in its possession in which VVTA has an interest at the Contractor’s sole expense.
- (5) Upon VVTA’s Termination of the Contractor’s right to proceed with the Work because of the Contractor’s default under the Contract, VVTA will have the right to complete the Work by whatever means and method it deems advisable. VVTA will not be required to obtain the lowest prices for completing the Work but shall make such expenditures as, in VVTA’s sole judgment, best accomplish such completion.
- (6) The expense of completing the Work, together with a reasonable charge for engineering, managerial and administrative services, as certified by the Lead Procuring Agency, will be charged, and will be deducted by VVTA out of such monies as may be due or may at any time thereafter become due to the Contractor. In case such expense is in excess of the sum which otherwise would have been payable to the Contractor under the Contract, then the Contractor or its surety shall promptly pay the amount of such excess to VVTA upon notice of the excess so due. VVTA may, in its sole discretion, withhold all or any part of any progress payments otherwise due the Contractor until completion and final settlement of the Work covered by the Notice of Termination of Contractor’s right to proceed.
- (7) Contractor shall insert in all subcontracts that the Subcontractor or Supplier will stop work on the date of or to the extent specified in a Notice of Termination for Cause from VVTA and shall require the Subcontractors and Suppliers to insert the same provision in any of their subcontracts.

- (9) The Surety on the Contractor's Performance Bond provided for in this Contract shall not be entitled to take over the Contractor's performance of Work in case of termination under this Section, except with the prior written consent of VVTA.
- (10) The Contractor shall not be liable for any costs in excess of the total Contract Consideration if the failure to perform the Contract arises out of causes beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a Subcontractor and/or Supplier and such default arises out of causes beyond the control of and without the fault or negligence of either the Contractor or the Subcontractor and/or Supplier, and if the Supplies or Services to be furnished by the Subcontractor or Supplier were not obtainable from other sources in sufficient time to permit the Contractor to meet the required Delivery Schedule, the Contractor shall not be liable for any costs in excess of the total Contract Consideration to complete the Work.
- (11.) If, after issuance of the Notice of Termination of this Contract, it is determined for any reason that the Contractor was not in breach, or that the breach was excusable, the rights and obligations of the parties shall be the same as if the Notice of Termination had been issued pursuant to the Termination for Convenience Section, and the Contractor shall be reimbursed for costs incurred under the terms of that Section.

This Agreement, any interest herein or claim hereunder, may not be assigned by CONTRACTOR either voluntarily or by operation of law, nor may all or any part of this Agreement be subcontracted by CONTRACTOR – without prior written consent of VVTA. The Davis-Bacon and Related Acts, apply to contractors and subcontractors performing on federally funded or assisted contracts in excess of \$2,000 for the construction, alteration, or repair (including painting and decorating) of public buildings or public works. Davis-Bacon Act and Related Act contractors and subcontractors must pay their laborers and mechanics employed under the contract no less than the locally prevailing wages and fringe benefits for corresponding work on similar projects in the area. The Davis-Bacon Act directs the Department of Labor to determine such locally prevailing wage rates. The Davis-Bacon Act applies to contractors and subcontractors performing work on federal or District of Columbia contracts. The Davis-Bacon Act prevailing wage provisions apply to the “Related Acts,” under which federal agencies assist construction projects through grants, loans, loan guarantees, and insurance.

For prime contracts in excess of \$100,000, contractors and subcontractors must also, under the provisions of the Contract Work Hours and Safety Standards Act, as amended, pay laborers and mechanics, including guards and watchmen, at least one and one-half times their regular rate of pay for all hours worked over 40 in a workweek. The overtime provisions of the Fair Labor Standards Act may also apply to DBA-covered contracts.

2. Determination of Prevailing Rates:

Pursuant to Labor Code sections 1770, et seq., VVTA has obtained from the Director of the Department of Industrial Relations (DIR) pursuant to the California Labor Code, the general prevailing rates of per diem wages and the prevailing rates for holiday and overtime work in the locality in which the Scope of Work is to be performed. Copies of said rates are on file with the VVTA, will be made available for inspection during regular business hours, may be included elsewhere in the specifications for the Scope of Work, and are also available online at www.dir.ca.gov. The wage rate for any classification not listed, but which may be required to execute the Scope of Work, shall be commensurate and in accord with specified rates for similar or comparable classifications for those performing similar or comparable duties. In accordance with Labor Code section 1773.2, the Contractor shall post, at appropriate and conspicuous locations on the

jobsite, a schedule showing all applicable prevailing wage rates and shall comply with the requirements of Labor Code sections 1773, et seq.

2. Payment of Prevailing Rates

Each worker of the Contractor, or any subcontractor, engaged in the Scope of Work, shall be paid not less than the general prevailing wage rate, regardless of any contractual relationship which may be alleged to exist between the Contractor or any subcontractor, and such worker.

If the Davis Bacon Wage determination for the same position as listed in the DIR Wage Determination and the DIR wage is higher, the higher wage is to be paid.

3. Prevailing Rate Penalty

The Contractor shall, as a penalty, forfeit two hundred dollars (\$200.00) to VVTA for each calendar day or portion thereof, for each worker paid less than the prevailing rates as determined by the Director of the DIR for such work or craft in which such worker is employed by the Contractor or by any subcontractor in connection with the Scope of Work. Pursuant to California Labor Code section 1775, the difference between such prevailing wage rates and the amount paid to each worker for each calendar day, or portion thereof, for which each worker was paid less than the prevailing wage rate, shall be paid to each worker by the Contractor.

4. Ineligible Contractors:

Pursuant to the provisions of Labor Code section 1777.1, the Labor Commissioner publishes and distributes a list of contractors ineligible to perform work as a contractor or subcontractor on a public works project. This list of debarred contractors is available from the DIR website at <http://www.dir.ca.gov/Public-Works/PublicWorks.html>. Any contract entered into between a contractor and a debarred subcontractor is void as a matter of law. A debarred subcontractor may not receive any public money for performing work as a subcontractor on a public works contract, and any public money that may have been paid to a debarred subcontractor by a contractor on the project shall be returned to VVTA. The Contractor shall be responsible for the payment of wages to workers of a debarred subcontractor who has been allowed to work on the Scope of Work.

5. Payroll Records:

Pursuant to California Labor Code section 1776, and the Davis Bacon Act, the Contractor and each subcontractor, shall keep accurate certified payroll records, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker or other employee employed by them in connection with the Scope of Work. The payroll records enumerated herein shall be verified by a written declaration made under penalty of perjury that the information

contained in the payroll record is true and correct and that the Contractor or subcontractor has complied with the requirements of the California Labor Code sections 1771, 1811, and 1815 for any Scope of Work performed by his or her employees. The payroll records shall be available for inspection at all reasonable hours at the principal office of the Contractor on the following basis:

- (1)** A certified copy of an employee's payroll record shall be made available for inspection or furnished to such employee or his/her authorized representative on request;
- (2)** A certified copy of all payroll records shall be made available for inspection or furnished upon request to VVTA, or the Division of Labor Standards Enforcement of the DIR;
- (3)** A certified copy of payroll records shall be made available upon request to the public for inspection or copies thereof made; provided, however, that a request by the public shall be made through either VVTA or the Division of Labor Standards Enforcement. If the requested payroll records have not been previously provided to VVTA or the Division of Labor Standards Enforcement, the requesting party shall, prior to being provided the records, reimburse the cost of preparation by the Contractor, subcontractor and the entity through which the request was made; the public shall not be given access to such records at the principal office of the Contractor;
- (4)** The Contractor shall file a certified copy of the payroll records with the entity that requested such records within ten (10) days after receipt of a written request; and
- (5)** Copies provided to the public, by VVTA or the Division of Labor Standards Enforcement shall be marked or obliterated in such a manner as to prevent disclosure of an individual's name, address and social security number. The name and address of the Contractor or any subcontractor, performing a part of the Scope of Work shall not be marked or obliterated. The Contractor shall inform VVTA of the location of payroll records, including the street address, city and county and shall, within five (5) working days, provide a notice of a change of location and address.

The Contractor shall have ten (10) days from receipt of the written notice specifying in what respects the Contractor must comply with the above requirements. In the event Contractor does not comply with the requirements of this section within the ten (10) day period, the Contractor shall, as a penalty to VVTA, forfeit one-hundred dollars (\$100.00) for each calendar day, or portion thereof, for each worker, until strict compliance is effectuated. Upon the request of the Division of Labor Standards Enforcement, such penalty shall be withheld from any portion of the payments then due or to become due to the Contractor.

VVTA requires all Certified Payrolls to be included with each invoice submitted for payment. Each certified payroll must include the employee information forms for each position each employee and subcontractor employee performed, matching the

information on the Certified Payroll. Each of the Employee information forms must be signed by each employee. Sample employee information forms will be supplied to the awarded contractor with the Notice to Proceed.

6. Limits on Hours of Work:

Pursuant to California Labor Code section 1810, eight (8) hours of labor shall constitute a legal day's work. Pursuant to California Labor Code section 1811, the time of service of any worker employed at any time by the Contractor or by a subcontractor, upon the Scope of Work or upon any part of the Scope of Work, is limited and restricted to eight (8) hours during any one calendar day and forty (40) hours during any one calendar week, except as provided for under Labor Code section 1815. Notwithstanding the foregoing provisions, work performed by employees of Contractor or any subcontractor, in excess of eight (8) hours per day and forty (40) hours during any one week, shall be permitted upon compensation for all hours worked in excess of eight (8) hours per day at not less than one and one-half (1½) times the basic rate of pay.

7. Penalty for Excess Hours:

The Contractor shall pay to VVTA a penalty of twenty-five dollars (\$25.00) for each worker employed on the Scope of Work by the Contractor or any subcontractor, for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any calendar day and forty (40) hours in any one calendar week, in violation of the provisions of the California Labor Code, unless compensation to the worker so employed by the Contractor is not less than one and one-half (1½) times the basic rate of pay for all hours worked in excess of eight (8) hours per day.

8. Senate Bill 854 (Chapter 28, Statutes of 2014) Requirements:

(1) Contractor shall comply with Senate Bill 854 (signed into law on June 20, 2014). The requirements include, but are not limited to, the following:

- a. No contractor or subcontractor may be listed on a bid proposal (submitted on or after March 1, 2015) for a public works project unless registered with the DIR pursuant to Labor Code section 1725.5, with limited exceptions from this requirements for bid purposes only as allowed under Labor Code section 1771.1(a).
- b. No contractor or subcontractor may be awarded a contract for public work or perform work on a public works project (awarded on or after April 1, 2015) unless registered with the DIR pursuant to Labor Code section 1725.5.

- e. Contractors and all subcontractors must submit certified payroll records online to the Labor Commissioner for all new public works projects issued on or after April 1, 2015, and for all public works projects, new or ongoing, on or after January 1, 2016.
 - f. The certified payroll must be submitted at least monthly to the Labor Commissioner.
 - g. VVTA reserves the right to require Contractor and all subcontractors to submit certified payroll records more frequently than monthly to the Labor Commissioner.
 - h. The certified payroll records must be in a format prescribed by the Labor Commissioner.
- (2) As required by Labor Code 1771.1(a) “A contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code or engage in the performance of any contract for public work, as defined in this chapter, unless currently registered and qualified to perform public work pursuant to Section 1725.5. It is not a violation of this section for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded.”

B. STATE PUBLIC WORKS APPRENTICESHIP REQUIREMENTS

1. State Public Works Apprenticeship Requirements:

The Contractor is responsible for compliance with Labor Code section 1777.5 and the California Code of Regulations, title 8, sections 230 – 230.2 for all apprenticeable occupations (denoted with “#” symbol next to craft name in DIR Prevailing Wage Determination), whether employed by the Contractor, subcontractor, vendor or consultant. Included in these requirements is (1) the Contractor’s requirement to provide notification (i.e. DAS-140) to the appropriate apprenticeship committees; (2) pay training fund contributions for each apprenticeable hour employed on the Contract; and (3) utilize apprentices in a minimum ratio of not less than one apprentice hour for each five journeyman hours by completion of Contract work (unless an exception is granted in accordance with Labor Code section 1777.5) or request for the dispatch of apprentices.

Any apprentices employed to perform any of the Scope of Work shall be paid the standard wage to apprentices under the regulations of the craft or trade for which such apprentice is employed, and such individual shall be employed only for the work of the craft or trade to which such individual is registered. Only apprentices, as defined in California Labor Code section 3077, who are in training under apprenticeship standards and written apprenticeship agreements under California Labor Code sections 3070 et

seq. are eligible to be employed for the Scope of Work. The employment and training of each apprentice shall be in accordance with the provisions of the apprenticeship standards and apprentice agreements under which such apprentice is training.

2. Compliance with California Labor Code section 1777.5 requires all public works contractors to:

(1) Submit Contract Award Information (DAS-140)

- a. Although there are a few exemptions (identified below), all Contractors, regardless of union affiliation, must submit contract award information when performing on a California public works project. **b.** The DAS-140 is a notification “announcement” of the Contractor’s participation on a public works project—*it is not a request for the dispatch of an apprentice.*
- c. Contractors shall submit the contract award information (you may use form DAS 140) within 10 days of the execution of the prime contract subcontract, but in no event later than the first day in which the Contractor has workers employed on the public work.
- d. Contractors who are already approved to train apprentices (i.e. check “Box 1” on the DAS-140) shall only be required to submit the form to their approved program.
- e. Contractors who are NOT approved to train apprentices (i.e. those that check either “Box 2” or “Box 3” on the DAS-140) shall submit the DAS-140 TO EACH of the apprenticeship program sponsors in the area of your public works project. For a listing of apprenticeship programs see <http://www.dir.ca.gov/Databases/das/pwaddrstart.asp>.

(2) Employ Registered Apprentices

- a. Labor Code section 1777.5 requires that a contractor performing work in an “apprenticeable” craft must employ one (1) hour of apprentice work for every five (5) hours performed by a journeyman. This ratio shall be met prior to the Contractor’s completion of work on the project. “Apprenticeable” crafts are denoted with a pound symbol “#” in front of the craft name on the prevailing wage determination.
- b. All Contractors who do not fall within an exemption category (see below) must request for dispatch of an apprentice from an apprenticeship program (for each apprenticeable craft or trade) by giving the program actual notice of at least 72 hours (business days only) before the date on which apprentices are required.
- c. Contractors may use the “DAS-142” form for making a request for the dispatch of an apprentice.

HYDROGEN FUELING STATION
ATTACHMENT F - PREVAILING WAGE REQUIREMENTS

- d. Contractors who are participating in an approved apprenticeship training program and who did not receive sufficient number of apprentices from their initial request must request dispatch of apprentices from ALL OTHER apprenticeship committees in the project area in order to fulfill this requirement.
- e. Contractor should maintain and submit proof (when requested) of its DAS-142 submittal to the apprenticeship committees (e.g. fax transmittal confirmation). A Contractor has met its requirement to employ apprentices only after it has successfully made a dispatch request to all apprenticeship programs in the project area.
- f. Only “registered” apprentices may be paid the prevailing apprentice rates and must, at all times work under the supervision of a Journeyman (Cal. Code Regs., tit 8, § 230.1).

(3) Make Training Fund Contributions

- a. Contractors performing in apprenticeable crafts on public works projects, must make training fund contributions in the amount established in the prevailing wage rate publication for journeymen and apprentices.
- b. Contractors may use the “CAC-2” form for submittal of their training fund contributions.
- c. Contractors who do not submit their training fund contributions to an approved apprenticeship training program must submit their contributions to the California Apprenticeship Council (CAC), PO Box 420603, San Francisco, CA 94142-0603.
- d. Training fund contributions to the CAC are due and payable on the 15th day of the month for work performed during the preceding month.
- e. The “training” contribution amount identified on the prevailing wage determination shall not be paid to the worker, unless the worker falls within one of the exemption categories listed below.

3. Exemptions to Apprenticeship Requirements:

The following are exempt from having to comply with California apprenticeship requirements. These types of contractors do not need to submit a DAS-140, DAS-142, make training fund contributions, or utilize apprentices.

- a. When the Contractor holds a sole proprietor license (“Owner-Operator”) and no workers were employed by the Contractor. In other words, the contractor performed the entire work from start to finish and worked alone.

VVTA RFP 2023-04 CONSTRUCTION MANAGER –

ATTACHMENT F - PREVAILING WAGE REQUIREMENTS

- b. Contractors performing in non-apprenticeable crafts. “Apprenticeable” crafts are denoted with a pound symbol “#” in front of the craft name on the prevailing wage determination.
- c. When the Contractor has a direct contract with the Public Agency that is under \$30,000.
- d. When the project is 100% federally-funded and the funding of the project does not contain any city, county, and/or state monies (unless the project is administered by a state agency in which case the apprenticeship requirements apply).
- e. When the project is a private project not covered by the definition of public works as found in Labor Code section 1720.

4. Exemption from Apprenticeship Ratios:

The Joint Apprenticeship Committee shall have the discretion to grant a certificate, which shall be subject to the approval of the Administrator of Apprenticeship, exempting the Contractor from the 1-to-5 ratio set forth in this Section when it finds that any one of the following conditions are met:

- a. Unemployment for the previous three-month period in such area exceeds an average of fifteen percent (15%); or
- b. The number of apprentices in training in such area exceeds a ratio of 1-to-5 in relation to journeymen; or
- c. The Apprenticeable Craft or Trade is replacing at least one-thirtieth (1/30) of its journeymen annually through apprenticeship training, either on a statewide basis or on a local basis; or
- d. If assignment of an apprentice to any work performed under the Contract Documents would create a condition which would jeopardize such apprentice's life or the life, safety or property of fellow employees or the public at large, or if the specific task to which the apprentice is to be assigned is of such a nature that training cannot be provided by a journeyman.

When such exemptions from the 1-to-5 ratio between apprentices and journeymen are granted to an organization which represents contractors in a specific trade on a local or statewide basis, the member contractors will not be required to submit individual applications for approval to local Joint Apprenticeship Committees, provided they are already covered by the local apprenticeship standards.

5. Contractor's Compliance:

The responsibility of compliance with this Section for all Apprenticeable Trades or Crafts is solely and exclusively that of the Contractor. All decisions of the Joint Apprenticeship Committee(s) under this Section are subject to the provisions of California Labor Code section 3081 and penalties are pursuant to Labor Code section 1777.7 and the determination of the Labor Commissioner.
