B. PURPOSE

The Victor Valley Transit Authority (VVTA) is soliciting proposals from qualified proposers to award a contract for interior (Infotainment system) and exterior advertising for the fixed-route transit fleet within the service area of VVTA.

C. BACKGROUND

1. VVTA is a Joint Powers Authority (JPA) created in 1992 to provide comprehensive public transit services to six incorporated towns and several unincorporated communities (represented by the San Bernardino County Board of Supervisors) – all member jurisdictions are located in San Bernardino County, a region that covers an area of approximately 950 square miles.
2. VVTA serves the Victor Valley, a sub region of Southern California north of the Cajon Pass, east of the Los Angeles County line, incorporating much of the Northern portion of the Mojave Desert in San Bernardino County. Victor Valley is part of the Inland Empire, a sub region of the Greater Los Angeles Area.
3. In addition to fixed route, rural routes, and complementary paratransit service, VVTA operates its BV Link – which provides intercity service from Barstow to Victorville and

down into the San Bernardino Valley; its NTC Commuter service which operates from Victorville and Barstow to the National Training Center at Fort Irwin; Micro Link Micro-transit pilot program; and a turnkey vanpool operation.

4. VVTA was recently designated as a Consolidated Transportation Services Agency (CTSA) for the North Desert Region of San Bernardino County - a very large geographic area including responsibility for volunteer driver transportation services in Trona and Big River.

D. PERIOD OF PERFORMANCE

The term of the contract is a period of three (3) years, with two one-year option years to extend exercised at the sole discretion of VVTA.

E. COMPENSATION

1. Compensation Structure:

Contractors' compensation to VVTA will be based on either (1) a fixed annual guarantee; or (2) a percentage of gross advertising revenue generated and a minimum monthly guarantee. The contractor must submit proposals for both compensation structures. VVTA will select which compensation structure it concludes is in its best interest. The selected compensation structure will be used as the evaluation criteria during the evaluation process, and in the contract for the term of the contract.

In the event of a decrease of more than five percent (5%) in the total number of buses available for advertising purposes, the payment by Contractor may be reduced pro rata for the months involved to reflect the reduced service level. Contractor must provide documentation to VVTA which proves to VVTA's sole satisfaction that Contractor's reduction in revenue is due solely to a reduction in available advertising space before VVTA will agree to any reduction in compensation. In the event of an increase in the total number of buses in operation, the parties shall agree in advance of receipt of the buses by VVTA whether to incorporate them into the resulting contract. If the number of buses in operation is thereby increased by more than five percent (5%), then the annual payment to VVTA shall be adjusted on a pro rata basis to reflect the increase.

2. Method of payment to VVTA:

The awarded proposer shall make monthly payments to VVTA. Said monthly payments shall be made by the 20th working day of each month for the revenues that have been billed during the preceding month. Any payment not made within ten (10) days of the due date may be subject to a 5% late fee.

If compensation is based on a fixed annual guaranteed amount, each monthly payment shall be on-twelfth (1/12th) of the total annual compensation. If compensation is based on a percentage of gross advertising revenue generated plus a minimum monthly guarantee, monthly payments shall be accompanied by a schedule that shows the advertisements that were displayed, and the revenue earned for the advertisement.

F. EXAMINATION OF DOCUMENTS

By submitting a proposal, the Proposer represents that it has thoroughly examined and become

familiar with the work required and documents included under the RFP.

G. VENDOR CONTACT

1. All correspondence, communication and/or contact about any aspect of this solicitation is authorized only with the designated Contracting Officer identified in “A. Proposal Schedule” above, or their designated representative. Proposers and their representatives shall **not** make any contact with or communicate with any employees of VVTA, or its directors and consultants, other than the Contracting Officer about any aspect of this solicitation or offers. Ex parte’ communications with members of VVTA’s Board of Directors or any person responsible for awarding a contract, including the Contracting Officer is prohibited under California Public Contract Code Section 20216. All communications shall be in writing and will be made public.
2. If it should appear to a prospective Proposer that the performance of the Work under the contract, or any of the matters relating thereto, is not sufficiently described or explained in the **RFP** or Contract Documents, or that any conflict or discrepancy exists between different parts thereof or with any federal, state, local or Agency law, ordinance, rule, regulation, or other standard or requirement, then the Proposer shall submit a written request for clarification to VVTA within the time period specified above.

H. ADDENDA TO RFP

VVTA reserves the right to amend the RFP at any time. Any amendments to or interpretations of the RFP shall be described by written addendum. VVTA shall provide copies of Addenda to all prospective Proposers officially known to have received the RFP, as well as post to the VVTA website: www.vvta.org/procurement. Addenda will also be posted on www.publicpurchase.com. Prospective Proposers, or their agents, shall be responsible to collect the addendum at the address provided in “Contracting Officer” (Section A. above) or receive t h e same otherwise. Notification of the addendum will also be electronically delivered to all such prospective Proposers officially known to have received the RFP and to the address provided by each prospective Proposer. Failure of any prospective Proposer to receive the notification or addendum shall not relieve the Proposer from any obligation under its proposal as submitted or under the RFP, as clarified, interpreted, or modified. All addenda issued shall become part of the RFP. Prospective Proposers shall acknowledge the receipt of all addenda in their proposals. Failure to acknowledge addenda in their proposals may, at VVTA’s sole option, disqualify the proposal.

If VVTA determines that the addendum may require significant changes in the preparation of proposals, the deadline for submitting the proposals may be postponed by the number of days that VVTA determines will allow Proposer sufficient time to revise their proposals. Any new Due Date shall be included in the addendum.

I. EXCEPTIONS / DEVIATIONS

Using the Form for Proposal Deviation – Attachment E – State any exceptions to or deviations from the requirements of this RFP, segregating “technical” exceptions from “contractual” exceptions. After the proposal Due Date, a proposal may be withdrawn only if VVTA fails to award the contract within the proposal validity period prescribed in "Due Date" or any agreed upon extension thereof. The withdrawal of a proposal does not prejudice the right of a Proposer to submit another proposal within the time set for receipt of proposals. PCC Section 10169 does not authorize the withdrawal of any bid after the time fixed in the Public Notice for the opening of bids.
3. This provision for modification and withdrawal of proposals may not be used by a Proposer as a means to submit a late proposal and, as such, will not alter VVTA's right to reject a proposal.

P. SUBCONTRACTORS AND ASSIGNMENTS

1. Pursuant to the provisions of PCC 4104, every proposer shall in the proposal set forth:
 - a. The name and location of the place of business (address) of each subcontractor who will perform work or labor or render service to the proposer in or about the work in an amount in excess of one-half of one percent of the proposer's total proposal; and
 - b. The portion of the work that will be done by each subcontractor. The proposer shall list only one subcontractor for each portion of work as defined by the proposer in its proposal.
 - c. The dollar amount of the work which will be done by each such subcontractor
2. Proposer shall complete form entitled "List of Subcontractors (Attachment E)" with the above requested information.
3. If the proposer fails to specify a subcontractor for any portion of the work to be performed under the contract in excess of one-half of one percent of the proposer's total Proposal, or if the proposer specified more than one subcontractor for the same portion of the work to be performed under the contract in excess of one-half of one percent of the

Proposer with its own forces shall perform a minimum of ten percent (10%) (Calculated as a percentage of the total cost of the project) of the work under this Agreement. Proposer shall also include in its subcontract agreements the provisions of its Agreement with VVTA including the stipulation that each subcontractor shall maintain adequate insurance coverage compatible to the insurance coverage required of the proposer.

Q. RESERVED

R. CONFIDENTIALITY AND PUBLIC RECORDS ACT

Access to government records is governed by the State of California Public Records Act. (Government Code Section 6250 et. seq.) Except as otherwise required by state law, VVTA will exempt from disclosure proprietary information, trade secrets and confidential commercial and financial information submitted in the proposal. Any such proprietary information, trade secrets or confidential commercial and financial information, which a Proposer believes should be exempted from disclosure, shall be specifically identified, and marked as such. Blanket-type identification by designating whole pages or sections as containing proprietary information, trade secrets or confidential commercial and financial information will not assure confidentiality. The specific proprietary information, trade secrets or confidential commercial and financial information must be clearly identified as such.

Proposers fully understands the scope of work/specifications and has carefully checked all words and figures inserted in said RFP and further understands that VVTA will no way be responsible for any errors or submissions in the preparation of this proposal.

1. Exclusive Property

- a. Responses to this Proposal become the exclusive property of VVTA and are subject to the California Public Records Act.
 - b. Those elements of each Proposal that are *trade secrets*, as the term is defined in California Civil Code section 3426.1 (d) or otherwise exempt by law from disclosure and which are not prominently marked as TRADE SECRET, CONFIDENTIAL or PROPRIETARY may be subject to disclosure.
2. Disclosure of Records
- a. Upon a request for records from a third party regarding this proposal VVTA will notify in writing the party involved. The party involved must respond within twenty (20) calendar days with the identification of any and all “proprietary, trade secret, or confidential commercial or financial” information and the party involved shall agree to indemnify VVTA for its defense costs, (Including reasonable attorney fees) associated with its refusal to produce such identified information; otherwise, the requested information may be released and VVTA shall not be held liable for complying with the records request.
 - b. If disclosure is deemed to be required by law or by an order of the court, VVTA shall not, in any way, be liable or responsible for the disclosure of any such records including without limitation those so marked.
 - c. Any documents that are not marked “TRADE SECRET” or “CONFIDENTIAL” or “PROPRIETARY,” will be made available.
3. Exemption from Disclosure May Be Deemed Unresponsive
- a. VVTA will take into consideration documents that the Proposer deems exempt from disclosure which must be marked “TRADE SECRET” or “CONFIDENTIAL” or “PROPRIETARY.”
 - b. Proposers who indiscriminately identify all or most of their proposals as exempt from disclosure without justification may be deemed non-responsive.
4. Indemnification of VVTA by Proposer
- a. The Proposer agrees to indemnify, hold harmless and defend VVTA and each of its board members, officers, officials, employees and agents from any and all claims, demands and actions in law or equity (including attorney's fees and litigation expenses), arising or alleged to have arisen directly or indirectly out of a Public Records Act request for any of the contents of a Proposal labeled as protected information and identified as, among other things, “TRADE SECRET” or “CONFIDENTIAL” or “PROPRIETARY.” This obligation shall survive the RFP process, including the awarding of the Contract
 - b. Proposer agrees to absorb all costs and expenses, including attorneys’ fees, in any action or liability arising under the California Public Records Act pertaining to protected information contained and labeled as such in the proposer’s proposal.

5. Public Interest

- a. The public interest exemption of the California Public Records Act provides that an agency may withhold the disclosure of a record by showing that the public interest served by not making the record public clearly outweighs the public interest served by disclosure of the record.
- b. To protect the integrity of the proposal process, in most instances, price proposals and information regarding the contents of a Proposal, will not be released or made available to other Proposers or the public until contract award is made by VVTA's Board of Directors and after the conclusion of any protest.
- c. VVTA shall employ sound business practices no less diligent than those used for VVTA's own confidential information to protect the confidence of all licensed technology, software, documentation, drawings, schematics, manuals, data and other information and material provided by Proposers and the Contractor pursuant to the Contract which contain confidential commercial or financial information, trade secrets or proprietary information as defined in or pursuant to the state law against disclosure of such information and material to third parties except as permitted by the Contract. The Contractor shall be responsible for ensuring that confidential commercial or financial information, trade secrets or proprietary information, with such determinations to be made by VVTA in its sole discretion, bears appropriate notices relating to its confidential character.

S. ACCEPTANCE / REJECTION OF PROPOSALS

1. VVTA reserves the right to reject any or all proposals for sound business reasons, to undertake contract negotiations with one or more Proposers, and to accept that proposal, which in its judgment, will be most advantageous to VVTA, price and other evaluation criteria considered. VVTA reserves the right to consider any specific proposal, which is conditional or not prepared in accordance with the instructions and requirements of this RFP to be non-responsive. VVTA reserves the right to waive any defects, or minor informalities or irregularities in any proposal which do not materially affect the proposal or prejudice other Proposers.
2. If there is any evidence indicating that two or more Proposers are in collusion to restrict competition or otherwise engaged in anti-competitive practices, the proposals of all such Proposers shall be rejected and such evidence may be a cause for disqualification of the participants in any future solicitations undertaken by VVTA.
3. VVTA reserves the right to reject a proposal that includes unacceptable conditions, exceptions, and deviations.

T. SINGLE PROPOSAL RESPONSE

If only one proposal is received in response to this RFP and it is found by VVTA to be acceptable, a detailed price/cost proposal may be requested of the single Proposer. A price or cost analysis, or both, possibly including an audit, may be performed by or for VVTA of the detailed price/cost proposal in order to determine if the price is fair and reasonable. The

Proposer has agreed to such analysis by submitting a proposal in response to this RFP. A price analysis is an evaluation of a proposed price that does not involve an in-depth evaluation of all the separate cost elements and the profit factors that comprise a Proposer's price proposal. It should be recognized that a price analysis through comparison to other similar procurements must be based on an established or competitive price of the elements used in the comparison. The comparison must be made to a purchase of similar quantity, involving similar specifications and in a similar time frame. Where a difference exists, a detailed analysis must be made of this difference and costs attached thereto. Where it is impossible to obtain a valid price analysis, it may be necessary to conduct a cost analysis of the proposed price. A cost analysis is a more detailed evaluation of the cost elements in the Proposer's Offer to perform. It is conducted to form an opinion as to the degree to which the proposed costs represent what the Proposer's performance should cost. A cost analysis is generally conducted to determine whether the Proposer is applying sound management in proposing the application of resources to the contracted effort and whether costs are allowable, allocable, and reasonable. Any such analyses and the results therefrom shall not obligate VVTA to accept such a single proposal; and VVTA may reject such proposal at its sole discretion.

U. CANCELLATION OF PROCUREMENT

VVTA reserves the right to cancel the procurement, for any reason, at any time before the Contract is fully executed and approved on behalf of VVTA.

V. VVTA'S RIGHTS

1. Each Proposal will be received with the understanding that acceptance by VVTA of the Proposal to provide services described herein shall constitute a contract between the Proposer and VVTA which shall bind the Proposer on its part to furnish and deliver at the prices given and in accordance with conditions of said accepted Proposal and specifications.
2. VVTA reserves the right, in its sole discretion to:
 - a. Accept or reject all Proposals, or any item or part thereof, or to waive any informalities or irregularities in Proposals.
 - b. Withdraw or cancel this RFP at any time without prior notice. VVTA makes no representations that any contract will be awarded to any Proposer responding to this RFP.
 - c. Issue a new RFP for the project.
 - d. To postpone the Proposal opening for its own convenience.
 - e. Investigate the qualifications of any Proposer, and/or require additional evidence or qualifications to perform the work.

W. CONFLICT OF INTEREST AND CODE OF CONDUCT

1. POLICY OVERVIEW

Federal regulations require VVTA to prevent conflicts of interest in contract awards. VVTA also seeks to avoid any appearance of conflicts of interest. VVTA personnel and Contractors are expected to avoid conflicts of interest or appearances thereof and actions which could result in favoritism or appearances thereof.

2. GUIDELINES FOR CONTRACTOR RELATIONSHIPS

To avoid conflict whether real or apparent, the following shall apply to employees of any Contractor providing services to VVTA.

No Contract Management personnel or support staff shall:

- (a) Make recommendations or be involved in preparation of specifications for any contracts for which that Contract personnel may bid or propose.
- (b) Be involved in any aspect of evaluation, selection, or award of a contract for which that Contract personnel may bid.
- (c) Be involved in any aspect of contract administration of a contract or subcontract which has been awarded to Contract personnel.

X. EVALUATION, NEGOTIATION AND SELECTION

The award for this solicitation shall be to the Proposer whose evaluation score is the highest.

Proposers determined to be within a competitive range and that have a reasonable chance of receiving a contract may be contacted to schedule a meeting with VVTA to carry out further negotiations and discussions. VVTA reserves the right to award to a proposer without further discussions, negotiations, or it may determine that no proposer meets the needs of VVTA.

2. EVALUATION TEAM

An evaluation team will be assembled by the VVTA Executive Director or designee. The team may be made up of staff of VVTA and may include representatives of other nearby government agencies affected by or have specific knowledge of this type of procurement.

3. PROPOSAL SELECTION PROCESS

- a. The following describes the process by which proposals will be evaluated and a selection made for a potential award. Upon receipt of the proposals, copies will be

distributed to the evaluation team members, together with scoring sheets, which include the evaluation criteria, and the points assigned to each category.

- b. Each team member will review the Proposers' submittals in conjunction with the criteria contained in Section X.5., below. All Proposals shall be evaluated and ranked for the purpose of determining the competitive range and to select a proposal determined to be the most advantageous to VVTA.
- c. Proposals that do not comply with the instructions contained in these RFP documents and do not include the required information shall be rejected as non-responsive and shall not be considered for the competitive range. VVTA reserves the right to waive technical defects, discrepancies, and minor irregularities in an RFP and/or submitted proposal(s). VVTA reserves the right to award any alternatives set forth in the solicitation documents in its sole discretion. Submitted proposals may be rejected if there is any alteration of the RFP forms, additions not called for, conditional proposals, incomplete proposals, or irregularities of any kind. VVTA reserves the right to reject any proposal not in compliance with the solicitation documents or prescribed public contracting procedures and requirements. Written notice of rejection of all submitted proposals shall be sent to all Proposers. **ALL UNSIGNED PROPOSALS SHALL BE REJECTED.**
- d. Submittal of a proposal shall mean that the Proposer has accepted the VVTA Contract Documents in their entirety without exception.
- e. When the individual members of the evaluation teams have completed their evaluations, the entire team will meet to discuss and review the proposals. Once the discussions have been completed, members will have an opportunity to revise their scores independently. A final consensus meeting shall be held to confirm the most technically qualified and best value proposal submitted for award. The VVTA Contracting Officer, or designee, shall serve as Facilitator of the Evaluation Committee.
- f. Proposals that have been determined not to be in the competitive range and cannot be reasonably made to be within the competitive range, will be notified in writing, that they are no longer under consideration.

4. QUALIFICATION REQUIREMENTS

- a. The Proposers, whose proposals have been determined by the evaluation process to be in the competitive range, may be notified and scheduled to meet with VVTA for further discussions, clarifications, and negotiations. The meeting will only occur if further discussion is required by the Evaluation Committee. VVTA reserves the right to award and contract to a Proposer without any meeting or further discussions.
- b. Any Proposal deviations submitted by the Proposer will be discussed as part of the negotiations process. However, VVTA at its discretion may in its best interest, reject any and all such conditions, exceptions, and deviations. Any proposal which fails to comply with the VVTA instructions and requirements listed in the solicitation documents shall be deemed non-responsive and their proposal shall be rejected.
- c. As part of the negotiation process, VVTA reserves the right to conduct factory visits to

inspect the Proposer's facilities. VVTA shall also have the right to contact other party with whom the Proposer has experience with this type of request, and other relevant references which the Proposer has listed.

- d. At the conclusion of the discussion and negotiation processes, each of the Proposers still determined by VVTA to be within the competitive range will be afforded the opportunity to submit a revised proposal with a clear understanding that VVTA will then choose that proposal, which it finds to be most advantageous based upon the evaluation criteria and final scoring. The results of the evaluations and the selection of a proposal for any award will be documented in a report to the final approval authority within VVTA.

5. PROPOSAL EVALUATION CRITERIA AND SCORING

- a. Listed below is the point scale system by which proposals from responsible Proposers will be evaluated and ranked for the purpose of determining any competitive range and to make any selection of a proposal for a potential award.

<u>EVALUATION CRITERIA</u>	<u>MAXIMUM POINTS</u>
RESPONSIVENESS – All documents have been received as requested, prior to the due date.	Pass/Fail
RESPONSIBILITY – All requested documents include the required signatures and, if needed, required notary review, signature, and stamp. All financial documents received represent that the Proposer has the financial capacity to perform this project.	Pass/Fail
<u>1. EXPERIENCE AND TECHNICAL COMPETENCE:</u> Demonstrated experience in similar projects, understanding of RFP requirements and ability to meet performance goals, compliance with all technical and administrative requirements, financial viability, accounting, and reporting.	25
<u>2. STAFFING AND PERSONNEL/PROGRAM OPERATIONS:</u> Qualifications and experience of management and staff and other personnel, comprehensiveness of plan and team’s familiarity with the provision of Construction Project Management.	30
<u>3. APPROACH:</u> The proposal shall contain a detailed explanation of the project and not a reiteration of the RFP itself. The information offered should be a compendium of the Proposer’s knowledge of the standards outlined in the Scope of Work.	35
<u>4. REFERENCES:</u> Based on the references provided in Proposal, Procurement will check references and score them.	20
<u>5. PRICE PROPOSAL</u> A. Total Projects Costs. (All inclusive) B. Project Breakdown. Provide a detailed listing for all task items with total project amount.	40
TOTAL POSSIBLE POINTS	155

- b. The points factor will be made up of two components. Technical scores up to One Hundred Fifteen (115) base technical points; and Price forty (40) Base Price points. The maximum 155 base points available will be awarded to the Proposer with the highest Technical and price score, combined.
- c. Price points will be calculated subtracting the proposal price offered from the lowest price. Then the percentage of the score points are calculated by dividing the difference of the price by the lowest cost. Then multiply the variable by the total points scored. To determine the cost score, the variable is then added to the total possible points

(40). Example:

\$150,000.00	\$150,000.00	\$175,000.00
Max Points = 40	-50,000.00	-75,000.00
	-50%	-75%
	-20	-30
Total Points	20	10

The Price Proposals and References will be evaluated by the RFP Facilitator.

- d. The balance of the evaluation criteria will be scored on the evaluator’s assessment in the areas described in the Table above, based on the following system:

Exceptional: Fully compliant with the solicitation requirements and with desirable strengths or betterments; no errors, omissions, discrepancies, weakness, or potential risks. Proposals judged to fall within these parameters will receive 90 to 100% of the points available for the category.

Good to Superior: Compliant with requirements of the solicitation; some minor errors, omissions, discrepancies, weakness, or risks. Proposals in this range will receive 80 to 89% of the points available for the category.

Adequate: Minimally compliant with solicitation requirement; with errors, omissions, discrepancies, weakness, or risks; which may be possible to correct and make acceptable. Proposals in this range will receive 70 to 79% of the points available for the category.

Poor to Deficient: Non-compliant with solicitation requirements; contains errors, omissions, discrepancies, weaknesses, or risks which would be difficult to correct or make acceptable. Proposals in this range will receive 60 to 69% of the points available for the category.

Unacceptable: Totally deficient and non-compliant with requirements; contains major non-correctable errors, omissions, discrepancies, weaknesses, or risks. Proposals in this range will receive 0 to 59% of the points available for the category.

There is the possibility of an extra 20 points for those proposers whose scores are within the competitive range and are asked to present an oral presentation. Each proposer’s final score will be an average score based on the scores given by the evaluation committee.

6. EVALUATION PROCEDURES

- a. All aspects of the evaluations of the proposals and any discussions and/or negotiations, including documentation, correspondence, and meetings, will be kept confidential during the evaluation and negotiation process.
- b. Proposals will be analyzed for conformance with the instructions and requirements of the RFP and Contract documents. Any proposal which fails to comply with the VVTA instructions and requirements listed in the solicitation documents shall be deemed non-responsive and their proposal shall be rejected. Proposers are advised that the detailed evaluation forms and procedures will follow the same proposal format and

organization specified in Section I. Therefore, Proposer shall pay close attention to and strictly follow all instructions and requirements. Submittal of a proposal means that the Proposer has accepted all of the Contract documents, except such conditions, exceptions, reservations, or understandings explicitly, fully, and separately stated on the forms and according to the instructions of “Form for Proposal Deviation” (Attachment E). Any such conditions, exceptions, reservations or understanding which do not result in the rejection of the proposal are subject to evaluation under the criteria of “Proposal Evaluation Criteria” (Section X.5.)

- c. Evaluations will be made in strict accordance with all of the evaluation criteria and procedures specified in “Proposal Selection Process” (Section X.3.) above. VVTA shall select for any award the highest ranked proposal from a responsible Proposer, qualified under “Qualification Requirements” (Section X.4.), which does not render this procurement financially infeasible and is judged to be most advantageous to VVTA based on consideration of the evaluation “Proposal Evaluation Criteria” (X.5.).

7. QUALIFICATION OF RESPONSIBLE PROPOSERS

Proposals will be evaluated in accordance with requirements of “Qualification Requirements” (Section X.4.) to determine the responsibility of Proposers. Any proposals from Proposers whom VVTA finds not to be responsible and finds cannot be made to be responsible may **not** be considered for the competitive range. Final determination of a Proposer’s responsibility will be made upon the basis of initial information submitted in the proposal, any information submitted upon request by VVTA, and information resulting from Agency inquiry of Proposer’s references, and its own knowledge of the Proposer.

8. DETAILED EVALUATION OF PROPOSALS AND DETERMINATION OF COMPETITIVE RANGE

- a. Each proposal will be evaluated in accordance with the requirements and criteria specified in “Proposal Selection Process” (Section X.3.)
- b. The following are the minimum requirements that must be met for a proposal to be considered responsive for inclusion in the competitive range. All of these requirements must be met; therefore, they are not listed in any particular order of importance. Any proposal that VVTA finds not to meet these requirements and that cannot be remedied as part of the negotiation process will be determined to be non-responsive and will not be included in the competitive range. The minimum requirements are as follows:
 - i. Proposer is initially evaluated as responsible in accordance with the requirements of “Qualification Requirements” (Section X.4.) Final determination of responsibility will be made through the evaluation process.
 - ii. Proposer has demonstrated its responsiveness by following the instructions of the RFP and included sufficient detail information, such that the proposal can be evaluated. Any informalities in regard shall be determined by VVTA to be either a defect and non- responsive or an informality that VVTA will waive in accordance with “Acceptance/Rejection of Proposals” (Section R)
 - iii. Proposal price would not render this procurement financially infeasible, or it is

reasonable that such proposal price might be reduced to render the procurement financially feasible.

- c. VVTA will document its evaluations in accordance with the criteria and procedures of "Proposal Selection Process" (X.3.). Any proposal deficiencies which may render a proposal non-responsible and non-responsive will be documented. VVTA will make specific note of questions, issues, concerns, and areas requiring clarification by Proposers and to be discussed through any contact with Proposers, which VVTA finds to be within the competitive range. Rankings and spreads of the proposals against the evaluation criteria will then be made by VVTA as a means of judging the overall relative spread between proposals and of determining which proposals are within the competitive range or may be reasonably made to be within the competitive range.

9. PROPOSALS NOT WITHIN THE COMPETITIVE RANGE

Proposers of any proposals that have been determined by VVTA as not in the competitive range will be notified in writing.

10. DISCUSSIONS WITH PROPOSERS IN THE COMPETITIVE RANGE

- a. The Proposers, whose proposals are found by VVTA to be within the competitive range, will be notified and any questions and/or requests for clarifications provided to them in writing. Each such Proposer may be contacted with VVTA to discuss answers to written or oral questions, clarifications, and any facet of its proposal.
- b. In the event that a proposal, which has been included in the competitive range, contains conditions, exceptions, reservations, or understandings to any Contract requirements as provided in "Form for Proposal Deviation" (Attachment E), said conditions, exceptions, reservations, or understandings may be negotiated during contract negotiations. However, VVTA shall have the right to reject any and all such conditions and/or exceptions, which fail to comply with the VVTA instructions and requirements listed in the solicitation documents may be deemed non-responsive and their proposal to be outside the competitive range and rejected.
- c. No information, financial or otherwise, will be provided to any Proposer about any of the proposals from other Proposers. Proposers will not be given a specific price or specific financial requirements they must meet to gain further consideration, except that proposed price may be considered to be too high with respect to the marketplace or unacceptable. Proposers will not be told of their rankings among the other Proposers.
- d. **Best Offers.** VVTA expects that all responsible and responsive Proposers shall submit their Best Offer upon initial submission in response to this solicitation.
- e. **VVTA reserves the right to make an award to a Proposer whose proposal it judges to be most advantageous to VVTA based upon the evaluation criteria, without conducting any written or oral discussions with any Proposers or solicitation of any BAFO.**

VVTA RFP 2025-02 TRANSIT ADVERTISING ATTACHMENT A – SCOPE OF WORK

Victor Valley Transit Authority (VVTA) is requesting proposals from qualified certified companies to sell and install approved transit advertising on VVTA assets. At the time of this RFP, the assets available are the exteriors and interiors of VVTA buses, as well as a minimal number of bus shelters in the VVTA service area. This work consists of all labor, tools, and equipment required for procurement services, as well as all bonds, permits, and insurance necessary for this project and as required by Federal and State Laws; and the general mobilization of equipment required for the completion of the work as stated in the RFP documents. All advertising must be in accordance with ADA (Americans With Disabilities Act) requirements.

A. ADVERTISING PROGRAM OBJECTIVES

The major objectives that VVTA wishes to achieve in the transit advertising sales program are as follows:

1. To maximize the advertising revenues paid to VVTA. VVTA seeks a contractor to grow the transit advertising program.
2. To assist VVTA with advertising and promoting its programs and services. VVTA seeks to use both interior and exterior transit advertising to market various aspects of its service and to provide information to passengers.
3. To properly maintain VVTA's fleet of vehicles with respect to advertising. Advertising on VVTA vehicles must be attractively presented, and the use of advertising must not create safety hazards for passengers or VVTA employees. The application of signs and adhesives must not permanently damage the standard paint scheme.
4. To minimize the impact of VVTA employees, Contractor will be responsible for posting and removing advertisements on all VVTA buses and shelters.
5. All advertising shall conform to VVTA's Advertising Policy as presented as Attachment F, and any updates that may occur to the Policy from time to time. All advertisements shall be presented to VVTA for its review, prior to installation. VVTA shall be the sole judge of whether an advertisement (not limited to graphic, word, phrase, and name) will be posted or displayed. Any advertisements that are determined not in compliance with VVTA's standards shall be removed by the Contractor at the direction of and at no cost to VVTA and within seventy-two (72) hours of the date/time of VVTA's written notice to the Contractor.

B. PROJECT SCOPE

VVTA is looking for an Advertising Sales Partner (Contractor) that can provide professional, highly qualified advertising sales for all transit assets. The intent of this solicitation is to maximize revenues generated by the sale of transit-related advertising media. The successful proposal should also display creativity in identifying additional advertising opportunities beyond those already noted. This includes, but is not limited to:

VVTA RFP 2025-02 TRANSIT ADVERTISING ATTACHMENT A – SCOPE OF WORK

1. The successful contractor, at its own expense, will be responsible for posting advertising content, removing outdated advertisements, and removing any advertisements rejected by VVTA.
2. Installation and on-going maintenance of signs and other necessary activities of the successful contractor must not interfere with VVTA operations.
3. VVTA will provide a small space in the Maintenance area to the successful contractor for the handling and storage of advertising signs. The successful contractor is responsible for keeping this work area neat and clean and will dispose of all outdated, damaged, or otherwise unusable signs.
4. Access to vehicles will be provided only at times consistent with the operational hours of the operating facility. All work on buses should be done during off-peak times – midday, on weekends, and evenings -- whenever possible. If indoor work must be done, such as in the case of full wraps, notice should be given to the Chief Maintenance Officer or Maintenance Manager. Vehicles will not be removed from service for the purpose of installing or removing advertising signs.
5. Proposers should note that they may utilize the services of a subcontractor for the installation of the signs on the buses. Any subcontractors must adhere to the requirements set forth in this scope of work.
6. Existing advertisements should be removed prior to the placement of new advertisements. In simpler terms, advertisements should not be layered one on top of the other.
7. The successful contractor will be responsible for any paint damage on buses when wraps or directly applied signs are removed and shall compensate VVTA for the expense incurred to repaint the damaged sections.
8. The designs for illustrated/wrapped buses shall be such that they minimize the amount of window space covered by the promotional message. It is preferred that the windows remain clear of advertising whenever possible. When full window coverage does occur, it must include “perf” so visibility is maintained for passengers of at least 50%. In addition, the advertising message shall not cover any of the following:
 - a. Destination signs on the bus (front and side)
 - b. The bus number wherever it appears on the bus
 - c. Safety related signs such as “This vehicle stops at all RR crossings”, etc. Any glass areas needed by the operator for full visibility while driving, including the front and rear windows, as well as the curbside window adjacent to the front entry door. One VVTA logo/identifier per side.

Note: Signage or markings that are not to be covered by advertisements may be incorporated into the wrap design or vinyl application. Vehicle numbers should be included as part of a full wrap design or applied as “cut vinyl.”

VVTA RFP 2025-02 TRANSIT ADVERTISING ATTACHMENT A – SCOPE OF WORK

VVTA currently has the following types of advertisements (and their approximate sizes) on the vehicles. Sizes are only approximate or not stated as they will vary based on the final model used for advertisement.

1. Full Wrap (32' and 40' buses) – covers entire bus and windows; is an exterior display appearing on the entire bus, with the exception of VVTA branding.
2. Half Wrap (32' and 40' buses) – covers entire side of bus and windows; is an exterior display appearing on either the entire street or curb side of the bus with the exception of VVTA branding.
3. King Kong Wrap – covers top to bottom between wheels.
4. Tail Wrap – covers entire and/or a portion of the back of the bus.
5. King – covers portion of street side of the bus under the windows and between the wheels.
6. Queen – covers portion of curb side of the bus under the windows and between the back door and the front wheel.
7. King/Queen and Headliner – covers the full length of the bus above the windows and are paired with either a King or Queen advertisement.
8. Tail – covers portion of the bottom half of the bus back.
9. Interior – 21" Digital Infotainment Screen (1 per vehicle).

C. SALES PLAN

Within 30 days of Notice to Proceed, the Contractor shall submit a detailed Sales Plan for VVTA's review and approval. The Sales Plan must describe the business/sales strategies of its organization.

The Sales Plan shall be focused on maximizing revenues from the Contractor's advertising franchises through achievement of a reasonable mix of national, regional and local sales that is customary and usual for the Industry. International based sales may also be considered. The plan shall include sales strategies that the Contractor will employ to sell advertising with the goal of achieving the maximum utilization of all space available for sale.

The Sales Plan shall respond to the different demographic and socioeconomic profiles of markets within VVTA's service area and the special opportunities that these markets present. The Sales Plan shall detail efforts the Contractor will make to win national, regional and local advertising buys.

VVTA RFP 2025-02 TRANSIT ADVERTISING ATTACHMENT A – SCOPE OF WORK

At no time will VVTA allow its advertising space to be subdivided or resold by any parties other than the Contractor and its designated sales agents without the express written consent of VVTA.

The Sales Plan shall explain the types of marketing/sales materials that will be developed to support the sales activity and any advertising or other forms of marketing, current internal research, primary, secondary or third-party research, trade publications, and other vehicles employed to maximize revenue that will be used to influence media buyers, or other persons of decision-making capacity, to consider advertising with VVTA. The Contractor's Sales Plan should, if deemed appropriate, may also include sales staff inside sales quotas, outside sales quotas, cold call solicitation quotas, revenue quotas, on both an individual and collective sales basis, as well as rationalization as to the quotas imposed and timing of review of said goals (i.e., weekly, monthly, quarterly).

To maintain robust sales activities of the Contractor, the Contractor shall commit to provide a quarterly sales activity report, broken out by month, that provides all potential advertising clients contacted, (both solicited and unsolicited and coded as such) which will include, but not be limited to, names of organizations, contact name, method of contact, brief description of requested information, total for the month, whether it contracted in same month, and if it resulted in a contract (unit type, length of contract and anticipated gross & net revenue earned). If requested, the Contractor shall provide the report within thirty (30) days of VVTA's request.

The Sales Plan shall list all current proprietary, primary, secondary, or related third-party research it currently subscribes and how it will be used to procure VVTA advertising business. Any primary, secondary, or third-party research, or otherwise that is to be obtained by the Contractor should be listed separately.

The Contractor shall disclose the cost of any current or procurement of any additional research it deems necessary only if it is to be included in any VVTA advertising rate plans.

D. SALES RATES

The Contractor shall be allowed to establish all rates and charges for the sale of all existing transit related advertising space subject to VVTA's review and prior approval. Any change in proposed rate card rates shall be presented to VVTA for review and approval 30 days prior to a requested change. Rates below rate card will be considered only if occupancy per media vehicle or advertising type consistently falls below 70% and subject to VVTA's approval prior to advertiser proposal. Volume discounts and new advertiser rate discounts will also be considered on a case-by-case basis at the approval of VVTA's designated representative. The Contractor must provide a solid plan, in each case, of how going below rate card will still maximize revenue and not negatively affect future sales of same media vehicle, or advertising type.

VVTA RFP 2025-02 TRANSIT ADVERTISING ATTACHMENT A – SCOPE OF WORK

E. FINANCIAL REQUIREMENTS

1. REVENUE SPLIT AND MINIMUM GUARANTEE

Each proposal that is submitted to VVTA for the transit advertising RFP must contain a percentage of gross amounts from advertising received by the contractor. The term “gross amounts from advertising” means the gross cash sums actually received by the contractor as payment from advertisers for the display of their advertisements after deductions of:

- Commissions, if any, retained by the advertising agencies.
- The amount of any and all sales, use, gross receipts, and similar taxes imposed upon the contractor in respect to the business transacted under the contract but excluding income and taxes.

The contractor shall set forth in full in its proposal the proposed terms of contract and financial benefit to VVTA for transit advertising in and on VVTA’s buses and shelters. The contractor shall indicate the percentage of revenue to be paid to VVTA, which may vary by year and by projected revenue in any year.

Proposer may include a guaranteed minimum monthly payment to VVTA, regardless of the contractor’s gross revenues from its advertisers. If a guarantee is proposed, the guarantee will be renegotiated in the event that VVTA’s fleet size and/or the amount of authorized advertising space is reduced by ten (10) percent or more at any time during the period of the contract. The contractor shall indicate the amount of this minimum monthly payment, if applicable.

No posting charges, removal and/or any other miscellaneous fees may be charged to VVTA for the placement or removal of exterior and interior signs.

 - (b) Place no further orders or subcontracts for materials, services, or facilities, except as may be necessary for completion of such portion of the Work under the Contract as is not terminated.
 - (c) Terminate all orders and subcontracts to the extent that they relate to the performance of Work terminated as set out in the Notice of Termination for convenience.
 - (d) Assign to VVTA in the manner, at the times, and to the extent directed by VVTA, all of the right, title, and interest of the Contractor under the orders and subcontracts so terminated, in which case VVTA shall have the right, in its discretion, to settle or pay and or all claims arising out of the termination of such orders and subcontracts.
 - (e) Settle all outstanding liabilities and all claims arising out of such termination of orders and subcontracts, with the approval or ratification of VVTA, to the extent he/she may require, which approval or ratification shall be final for all the purposes of this Section.
 - (f) Transfer title to VVTA and deliver in the manner, at the times, and to the extent, if any, directed by VVTA the fabricated or un-fabricated parts, work in process, completed work, supplies, and other material produced as part of, or acquired in connection with the performance of, the Work terminated, and the completed or partially completed plans, drawings, information, and other property which, if the Contract had been completed, would have been required to be furnished to VVTA.
 - (g) Complete performance of such part of the Work as shall not have been terminated by the Notice of Termination for Convenience; and
 - (h) Take such action as may be necessary, or as VVTA may direct, for the protection or preservation of the property related to this Contract which is in the possession of the Contractor and in which VVTA has or may acquire an interest.
2. After receipt of a Notice of Termination for Convenience, the Contractor shall submit to VVTA its termination claim, in the form and with certification prescribed by VVTA. Such claim shall be submitted promptly but in no event later than six months from the effective date of termination, unless one or more extensions in writing are granted by VVTA, upon request of the Contractor made in writing within such six months period or authorized extension thereof. However, if VVTA determines that the facts justify

ATTACHMENT C – SAMPLE CONTRACT

such action, it may receive and act upon any such termination claim at any time after such six months period or any extension thereof. Upon failure of the Contractor to submit its termination claim within the time allowed, VVTA may determine, on the basis of information available, the amount, if any, due the Contractor by reason of the termination and will thereupon pay the Contractor the amount so determined.

3. Subject to the provisions of subsection 2 above, the Contractor and VVTA may agree upon the whole or any part of the amount or amounts to be paid to the Contractor by reason of the total or partial termination or work pursuant to this Section, which amount or amounts may include an allowance for profit on work done; provided that such agreed amount or amounts exclusive of settlement costs, shall not exceed the total Contract Consideration as reduced by the amount of payments otherwise made and as further reduced by the Contract price of work not terminated. The Contract will be amended accordingly, and the Contractor will be paid the agreed amount.

4. In the event of failure of the Contractor and VVTA to agree, as provided in subsection 3, upon the amount to be paid the Contractor by reason of the termination of Work pursuant to this Section, VVTA will pay the Contractor the amounts determined by VVTA as follows, but without duplication of any amounts agreed in accordance with subsection:

With respect to Contract Work performed prior to the effective date of the Notice Termination, the total (without duplication of any items) of:

- (a) The costs of such Work.
- (b) The cost of settling and paying claims arising out of the termination of Work under subcontracts or orders as provided in subsection 1(e) above, exclusive of the amounts paid or payable on account of supplies or material delivered or services furnished by the subcontractor prior to the effective date of the Notice of Termination of Work under this Contract, which amounts shall be included in the costs on account of which payment is made under 2 above.
- (c) A sum, as profit on 4(a) above, determined by VVTA to be fair and reasonable; provided, however, that if it appears that the Contractor would have sustained a loss on the entire Contract had it been completed, no profit shall be included or allowed under this subsection 4(c) and an appropriate adjustment shall be made by reducing the amount of the settlement to reflect the indicated rate of loss; and
- (d) The reasonable cost of preservation and protection of property incurred pursuant to subsection A (9) and any other reasonable cost incidental to termination of work under this Contract, including expense incidental to the

determination of the amount due to the Contractor as the result of the termination of Work under this Contract.

5. The total sum to be paid to the Contractor under subsection 4 will not exceed the total Contract Consideration as reduced by the number of payments otherwise made and as further reduced by the Contract price of Work not terminated. Except for normal spoilage, and except to the extent that VVTA will have otherwise expressly assumed the risk of loss, there will be excluded from the amounts payable to the Contractor under subsection 4 the fair value, as determined by the VVTA, of property, which is destroyed, lost, stolen, or damaged so as to become undeliverable to VVTA, or to a purchaser pursuant to subsection 1 (g) of this Section.
6. In arriving at the amount due the Contractor under this Section, there will be deducted:
 - (a) The amount of any claim which VVTA has against the Contractor in connection with the Contract; and
 - (b) The agreed price for, or the proceeds of sale of materials, supplies, or other items acquired by the Contractor or sold, pursuant to the provision of this Section, and not otherwise recovered by or credited to VVTA.
7. If the termination for convenience hereunder is partial, prior to the settlement of the terminated portion of the Contract, the Contractor may file with VVTA a written request for an adjustment of the price or prices specified in the Contract relating to the continued portion of the Contract (the portion not terminated by the Notice of Termination), and such adjustment as may be agreed will be made in the price or prices.
8. VVTA may from time to time, at its sole discretion and under terms and conditions it may prescribe, make partial payments and payments on account against cost incurred by the Contractor in connection with the terminated portion of the Contract whenever, in the opinion of VVTA, the aggregate of payments does not exceed the amount to which the Contractor will be entitled hereunder. If the total of the payments is in excess of the amount finally agreed or determined to be due under this Section, the excess shall be paid by the Contractor to VVTA upon demand, together with interest at the rate of 10 percent per annum or the maximum rate permitted by applicable law, whichever is less, for the period from the date the excess payment is received by the Contractor to the date on which the excess payment is repaid to VVTA.
9. Unless otherwise provided for in this Contract, or by applicable statute, the Contractor, from the effective date of termination and for a period of three years after final settlement under this Contract, shall preserve and make available to VVTA at all reasonable times at the office of the Contractor but without direct charge to VVTA,

10. The Contractor shall insert in all subcontracts that the Subcontractor or Supplier shall stop work on the date of and to the extent specified in a Notice of Termination from VVTA and shall require that any tier subcontractor to insert the same provision in any tier subcontract.
11. The Contractor shall communicate immediately upon receipt thereof, any Notice of Termination issued by VVTA to the affected Subcontractors and Suppliers of any tier.
12. Under no circumstances is the Contractor entitled to anticipatory, unearned profits or consequential damages as a result of a termination or partial termination under this Section. The payment to the Contractor determined in accordance with this Section constitutes exclusive remedy for a termination hereunder.
13. Anything contained in the Contract to the contrary notwithstanding, a termination under this Section shall not waive any right or claim to damages which VVTA may have and VVTA may pursue any course of action it may have under the Contract.

B. TERMINATION FOR CAUSE

- (1) By written Notice of Termination for Cause to the Contractor, VVTA and the other procuring agencies may cancel the whole or any part of the Contract in any one of the following circumstances:
 - (a) If the Contractor fails to perform the Work within the time specified or any extension thereof.
 - (b) If the Contractor fails to perform any of the provisions of the Contract, or so fails to make progress so as to endanger performance of the Contract in accordance with its terms, and in either of these two later circumstances, does not cure such failure within a period of the 10) calendar days (or such additional time as may be specified in the notice) after VVTA gives notice to Contractor of the failure.

(2) The Contractor shall be provided a period of ten (10) days to cure such failure (or such longer period as VVTA may authorize in writing) after receipt of notice from VVTA specifying such failure.

(3) In the event the Contractor does not cure the breach to the satisfaction of VVTA within the time period specified by VVTA, VVTA will send the Contractor a written notice of failure to cure the breach. Upon receipt of such written notice from VVTA, Contractor shall:

- (a) Stop Work on the date of, and to the extent specified in, the Notice of Termination for Cause;
- (b) Place no further orders or subcontracts for materials, equipment, services, or facilities, except that which is necessary to complete the portion of the Work which is expressly not cancelled under the Notice of Termination for Cause;
- (c) Cancel all orders or subcontracts to the extent that they relate to the performance of Work cancelled under the Notice of Termination; and

VVTA will not be required to obtain the lowest prices for completing the Work but shall make such expenditures as, in VVTA's sole judgment, best accomplish such completion.
- (6) The expense of completing the Work, together with a reasonable charge for engineering, managerial and administrative services, as certified by the Lead Procuring Agency, will be charged, and will be deducted by VVTA out of such monies as may be due or may at any time thereafter become due to the Contractor. In case such expense is in excess of the sum which otherwise would have been payable to the Contractor under the Contract, then the Contractor or its surety shall promptly pay the amount of such excess to VVTA upon notice of the excess so due. VVTA may, in its sole discretion, withhold all or any part of any progress payments otherwise due the Contractor until completion and final settlement of the Work covered by the Notice of Termination of Contractor's right to proceed.
- (7) Contractor shall insert in all subcontracts that the Subcontractor or Supplier will stop work on the date of or to the extent specified in a Notice of Termination for Cause from VVTA and shall require the Subcontractors and Suppliers to insert the same provision in any of their subcontracts.
- (8) The Contractor shall immediately upon receipt communicate any Notice of Termination for Cause issued by VVTA to the affected Subcontractors and Suppliers at any tier.

- (10) The Contractor shall not be liable for any costs in excess of the total Contract Consideration if the failure to perform the Contract arises out of causes beyond the control and without the fault or negligence of the Contractor. If the failure to perform is caused by the default of a Subcontractor and/or Supplier and such default arises out of causes beyond the control of and without the fault or negligence of either the Contractor or the Subcontractor and/or Supplier, and if the Supplies or Services to be furnished by the Subcontractor or Supplier were not obtainable from other sources in sufficient time to permit the Contractor to meet the required Delivery Schedule, the Contractor shall not be liable for any costs in excess of the total Contract Consideration to complete the Work.
- (11.) If, after issuance of the Notice of Termination of this Contract, it is determined for any
